FACTS ABOUT THE STATE NORMALS

Political Maneuvers May Cause Loss of Million Dollar Gift.

A Louisville letter to the Cincinnati Enquirer contains the following interesting information:

"The temporary defection of Senator Dycus from the Democratic ranks in the Senate during the closing days of the legislative session is attributed to executive seal in an effort to obtain for his town of Benton the location of one of the two new normal schools. It is said that Senator Dycus was made to believe that if he sided with the Republicans, as he did on the ill-fated voters' bill, he would insure Benton's selection as the Western Kentucky site.

In this connection George Colvin, Superintendent of Public Instruction, has pointed out that "playing politics" in the selection of these sites may cause the schools to lose \$1,000,000. The general Education Board, which has made donations for normal work in other states is expected to give to Kentucky \$250,000 a year for each school for two years.

Superintendent Colvin says he talked with Dr. Frank H. Bachman, of the General Education Board, who made a survey of educational conditions in Kentucky last year and now is in Indiana on similar work. Dr. Bachman assured him that the aid would be given to the schools if politics did not enter into the selection of the school sites to such an extent as to cripple educational work.

The educational report, which was the joint product of Dr. Bachman and associates, and Superintendent Colvin, discussing the location of the schools, said:

"The new schools should be put where they will do the most good. One should be located in the Big Sandy Valley, the other in the western part of the state, east of the Tennessee River."

Moreover it is supposed to have the inside track for the Eastern Kentucky location, although it is not in the Big Sandy valley. In Western Kentucky, Clinton, Mayfield, Benton, Murray and Paducah and Princeton are active applicants, and Princeton is the only town east of the Tennessee River."

NORMAL AND ROAD MEET AT ASHLAND

On last Monday a large delegation from Louisa attended the meeting at Ashland called by Jno. E. Buckingham as president of the Chamber of Commerce. The object of the meeting was to organize for a united effort to have the new Eastern Kentucky Normal school located where it will "best serve the greatest number of people."

Committees were appointed for each of the several counties represented with Mr. Buckingham as president and G. A. Nash as secretary of the entire organization.

The situation in regard to the location of this school is such as to demand an organized fight for a fair consideration of all towns within the territory. We do not deem it expedient to explain the situation in the public press at this time.

The delegates were guests of the Rotary Club for luncheon, which was very much enjoyed by all.

It was intended to give attention also to the Mayo Trail situation, but after appointing committees the meeting was forced to adjourn in order to let the Big Sandy delegates get away on the 3:50 train.

Fred M. Vinson was appointed executive committeeman for Lawrence county in the schools organization, and Dr. T. D. Burgess was appointed for the roads work. These committees are to appoint two more members for each committee. Also, the County Judges and County Attorney of each county are ex-officio members of the school committees.

On account of limited space this week we are forced to make the report brief.

The Louisa delegation was as follows:

F. H. Yates, M. F. Conley, R. C. McClure, Fred M. Vinson, August Snyder, Dr. T. D. Burgess, A. M. Hughes, A. J. Garred, E. E. Shannon, F. T. D. Wallace Jr., H. W. Creel, L. F. Wellman, George Skene, W. E. Queen, H. H. Queen, G. W. Atkinson, Ora C. Atkins, Jay H. Northup, C. C. Skaggs, J. G. Burns, W. L. Hays, Rev. James D. Bell, C. B. Bromley, Richard Bromley, R. C. Moore.

Feudist, Slayer at 14, Given 10 Years in Prison

Jackson, Ky., March 23.—Despite the fact that when the crime was committed in 1914 he was only 14 years old, which may be pleaded on appeal as grounds for jurisdiction by the juvenile authorities, Henry Allen was sentenced to ten years imprisonment on a charge of manslaughter by a jury in Breathitt Circuit Court Wednesday. He was accused of killing John Miller on the South Fork of Quicksand Creek, and the killing was said to be the outgrowth of a feud, the first victim of which was Milo Allen, brother of the defendant, who was killed in 1912 by John Miller. A jury at a previous trial of the case disagreed.

Various witnesses testified to threats by members of the Allen family against John Miller. The defendant testified that he shot Miller after the latter had grasped his older brother, Norman Allen, and was swinging him around, at the same time drawing a revolver.

Hewlett Loses in Contest for Circuit Clerk

The Court of Appeals has decided the contest case of Rev. H. B. Hewlett vs. W. S. Boggs in favor of the latter.

The trouble in the beginning was caused by Mr. Hewlett's certificate of nomination being filed two days late in September of last year. His name was kept off the ballot for this reason. Several hundred people wrote his name on the ballot, but not enough to give him a majority. After the election a suit was brought on the ground that Mr. Boggs also had failed to comply with the law in regard to the time and manner in which his certificate was filed. Judge Woods, of the Lawrence Circuit Court, decided in favor of Boggs and the Court of Appeals affirmed it.

NOTICE TO SUNDAY SCHOOL WORKERS

I wish to notify all the Sunday school workers of Lawrence county to get busy and organize your school. Let's make preparations for Go-To-Sunday-School Day and have a record for the present year 1922.

The publishing company is giving all school advantages of literature. Why not take it. You can get literature for six months, "at three months expense." That is a proposition put out for all new schools and schools not using literature of the company before. Don't let this opportunity slip. Let's get up an interest and put some ambition in our work this year. Make a record that beats all and get ready for May 7, which is Go-To-Sunday-School Day.

JAMES P. PRINCE, Field Worker of Lawrence Co.

Woodrow Bradley, son of Mr. and Mrs. Wm. Bradley, of Charleston, W. Va., was killed instantly on last Friday when struck by an automobile. The accident occurred on Elk River bridge at that place.

It is said the boy ran across the bridge from behind a wagon which prevented the young man who was driving the car from seeing him in time to avoid the accident. The boy was nine years of age. Miners to Use Airplanes to Get Workers Out in Remote Fields

Washington, March 26.—Attention of Government officials was directed to the announced efforts of mine union leaders to spread the threatened walk-out Saturday, to non-union fields, including Kentucky and Tennessee by means of airplane propaganda.

Other means, according to the report, also would be used to distribute the proclamation in the West Virginia district and in other non-union fields which are inaccessible because of the control by operators who have barred union representatives.

The latest move here to avert the strike was made today by Senator William E. Borah, of Idaho, the new chairman of the Senate Labor Committee. Mr. Borah conferred with labor representatives and discussed the general strike situation, taking the necessary preliminary steps that may result in an offer by his committee to use its good offices to adjust the troubles.

Nothing definite resulted from this step, but it was said further conferences will be held this week. Despite the fact there are no legislative aids Congress can render to meet the present situation, the friendly intervention of the Labor Committee might result helpfully.

PIKEVILLE

Fallen Asleep.
J. H. Stump, 81 years of age, Pikeville's oldest citizen passed quietly away at his home here early Wednesday. Shortly before the end Mr. Stump arose, dressed himself and moved about the room. When the attack came he survived but a short time. Prior to this, however, he had been suffering from phthisis.

In his eventful life uncle Jim, as he was familiarly called, had led five brides to the altar. The second of these marriages only, was blessed with children, and among these was our present Commonwealth's Attorney, O. A. Stump, of this city. A few years ago his last marriage was solemnized between him and Mrs. C. R. Gardner, who survives him.

During the war between the States Mr. Stump took up arms in defense of the Union, and his death is a reminder of the rapidly thinning ranks of the Blue and the Gray.

Early in his life he attached himself to the M. E. Church and almost fifty years ago he became a member of the Masonic fraternity.

Mrs. Eula Sanders At Rest.

At the age of 32, Mrs. Eula Sanders of Heller passed into the great beyond last week and the last sad rites were held here Saturday afternoon.

Mrs. Sanders was formerly Miss Eula Williamson, daughter of the late L. J. Williamson, who was known throughout the State as an educator and prominent official, having served several terms as county superintendent of Pike county. Eula suffered a fall when very young and ever after her familiar figure was seen going about on crutches—a hopeless cripple. Her mother died while Eula was a small girl, yet she lost none of that tenderness and sweetness of childhood as the trials and adversities, the pains and the sorrows of those early years bore down upon her, and even in her later years she went about with the radiance of sunshine beaming in her face although it showed the furrows of deep sympathy.

Eula became a member of the Eastern Star and that organization assisted in the funeral here Saturday.

Ben Mullins Badly Mangled.

Mrs. Phelps was a sister of Mr. Jas. Matney, chief of police of Pikeville, who was with the family during the obsequies.

The deceased is survived by a large family, all of whom are married but three children who are left at home with the father.

For some time Mrs. Phelps had been in declining health, but the immediate cause of her death was an attack of pneumonia.

Urgent Serious Operations.

Mrs. W. R. Fuller was taken to the King's Daughters' hospital, Ashland, where she underwent an operation for cancer of the stomach; also Mrs. E. H. Sowards was operated on for appendicitis.

Wheeler-Fraleys.

The marriage of Jay Fraley, real estate dealer of Pikeville and Miss Hattie Wheeler of Muskogee, Okla., recently was the culmination of a romance extending thru a period of some years. As it so often happens, in this case, the course of true love did not run smooth; but nothing daunted the loving couple and now they are serenely domiciled at Pikeville under the "Classic brow of the Cumberlands," having left the prairies of the West behind.

The bride is the accomplished daughter of Mr. and Mrs. D. N. Wheeler, a prominent old magnate of Oklahoma. The groom is a well known business man throughout this section.

Postmaster Bound Over.

Joe Stumbo, postmaster at McDowell, was bound over to answer to the charge of misappropriating U. S. postal money order funds, by Commissioner W. K. Steele here Wednesday. Inspector York, of Cincinnati, and Kelly, of Ashland, conducted the prosecution. Mr. Stumbo runs a store in connection with the postoffice and it is alleged that he perverted the use of approximately \$3000.00 of government funds. Mr. Stumbo turned over \$1200 to the inspector and gave assurance of further replacement in the near future.—Pike County News.

LEDOCIO

On Thursday, March 23, 1922, the spirit of Felix Woods Thompson took its flight back to the God who gave it. He had been in poor health for several years, but able to be around till about two weeks before his death when he rapidly grew worse. Felix had been a Christian for several years and a preacher of the gospel, always ready to go to church and Sunday school when able. It can truly be said of him he was a friend to those in distress. If he couldn't say something good of his neighbor he would never speak evil. That is how God would have us all do. While we will miss him from our homes, from church and Sunday school we feel sure he is resting in the paradise of God, from the testimony he left. He leaves a wife who was very devoted to him, six boys and two girls to mourn their loss, which we feel is heaven's gain.

On Saturday his body was taken to the Mattie church where funeral services were conducted by Revs. McClung and A. H. Miller in the presence of as large a crowd as ever assembled at the Mattie church, after which the body was taken to his father's burial ground near the church and there laid to rest by the side of two children who died several years ago. The family has our sympathy in this trying hour. Mr. and Mrs. John McKinstry, who have been very sick with flu, are improving. The stork visited the home of Milt Short and wife and left a fine boy. John Cornutte is also smiling over the arrival of a new girl. Miss Ida Castle is number one with the sick. Mrs. Mary Miller and daughter were shopping at Mattie Thursday. Studebaker Merit Wins

Studebaker is a specialist. Builds nothing but Sixes. Its efforts are not scattered. Its entire resources, unsurpassed in the automobile industry, are devoted to a single, fixed purpose:

—to build well, by using the finest materials, and most skillful workmanship and to sell at the lowest prices possible.

How well Studebaker has succeeded is best answered by the records. In the calendar year of 1921, Studebaker produced and sold more six cylinder cars than any other manufacturer in the world.

From present indications the sales record of Studebaker cars in 1922 will greatly exceed 1921. Reports from Studebaker dealers from all parts of the country show a big increase in sales this year over the same period of 1921. Shipments of

cars from the Studebaker factories this year are 106 per cent more (at the time this ad was written) than for the same period of 1921.

That's proof that merit wins. Buyers will not be fooled by wild misrepresentations. Motor cars are now being bought on the basis of merit.

The intrinsic value of today's Studebaker cars surpasses pre-war values. Never before have we given so much positive value for the money.

Instead of skimping the real value in order to reduce the cost, low prices of Studebaker cars are due to strict economy, skillful purchase of materials, a high degree of plant efficiency and well-known, continuous large volume.

Each Studebaker model is hundreds of dollars lower in price than cars of comparable quality.

REFUNDING BONDS

On December 15, 1915, the Fiscal Court issued \$40,000 Refunding Bonds and in October, 1916, issued \$10,000 more Refunding Bonds. These were issued to take up indebtedness of the county incurred in previous years in excess of the county's income. Of these \$6000 has been paid and \$44,000 remain unpaid. They are payable in installments each year up to and including 1935. During 1922, bonds No. 7 and 8 will become due, amounting to \$2000, and interest coupons aggregating \$2420 will also become payable, making \$4,420 to be paid in 1922 on these bonds. There is on hand in cash available for this purpose \$4,049.59, leaving a deficit of \$371.00.

MAYO TRAIL FUND

As shown above, \$5000 has been advanced on the construction of the Mayo Trail and the sum of \$29,217.30 is on hand in cash subject to the order of the State Highway Commission. The county's agreement is to donate the sum of \$75,000 the said project, so that it will be necessary to issue only approximately \$40,000 of bonds in order to make up the full \$75,000. These will be issued during this year on demand of the State Highway Commission; and the 25 cents levy will pay off these bonds half in 1922 and the remaining half in 1923.

OUTSTANDING LIABILITIES

There remain unpaid county warrants allowed and issued by the previous Fiscal Court, as follows:

Unpaid Common Fund Warrants payable 1922.....	\$16,013.84
Unpaid Road and Bridge Fund Warrants.....	11,717.00
Deficit on Funding bonds.....	371.00

Total, 28,101.84

And to pay these, as shown above, there is in the Treasurer's hands.

Cash in the Common Fund.....	\$2,172.47
Cash in Road and Bridge Fund.....	3,234.59

\$ 5,407.06

Leaving a deficit at the beginning of 1922 of...\$22,694.78

The revenue of the county for the Common Fund and Road and Bridge Fund for 1922 will be approximately \$35,000 so that there is available to the present fiscal court for expenditure during 1922 \$12,305.22 if the county is to confine its expenditures to its income as the law requires.

A list of claims allowed by the Fiscal Court last year, and the delinquent list, will be published later.

By order of the Fiscal Court.

The revival meeting at Morgan's creek conducted by Revs. Adam Harman, McClung, Hutchison and Huette was one of the best meetings that has been in Lawrence county for a number of years. Chadwick, C. B. Shortridge and Anderson Collinsworth were visiting Adam Harman one day last week. Little Bonnie Fannin makes frequent visits to Morgan's creek. Mrs. Susan Riley was visiting her brother, A. Harman, last week. Let us hear from Tuscola, Webbville, Jettie, Zelma, Huette, trad, Dennis Christman and other points. SPUNK.

YATESVILLE

Sherman Foster's house, together with a considerable amount of its contents, was burned to the ground on last Thursday afternoon. Three men arrived to the scene and made the best fight they could, but the fire had gained such headway before the men arrived that their efforts were almost futile. They only succeeded in saving about one half of the household effects. The origin of the fire was from a defective flu. The Yatesville Sunday school was organized on Sunday the 26th and the following are the officers elected: Millard F. Short, Supr.; Mrs. James Hughes, Assistant Supr.; Miss Rosa Bentley, Secretary and Miss Gladie Blankenship, Treas. Millard Short and Mrs. Hughes are the teachers of the senior classes. George C. Short, one of our oldest and best citizens, is on the sick list. But all of the others of our neighborhood who were sick are improving. It is raining again here today (Monday) and as a consequence people are being thrown back about their gardening. On Friday of last week Landon E. Bradley received a message over the wire announcing the death of his eight year old nephew who was a son of William Bradley of Charleston, W. Va. The announcement stated that the boy had been accidentally killed, but no particulars have been learned up to this writing. During the last year up to December 31, Damer Riffe sold \$401.09 worth of eggs, pretty good for a little scrub farmer. Of course a great deal of the time Damer had the advantage of the high prices, but this price is one thing to be watched, as well as the care of the chickens. Arthur Burchett is moving to the old Foster place on the hill between Morgan's creek and Cats Fork. Ralph Blankenship has a force of carpenters at work rebuilding a new house in lieu of the one that was destroyed by fire, which will be occupied by Sherman Foster the present year. James Hughes will go to Kenova where he has employment at an early date. COUNTRY GREENHORN.

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. S.

How to Find a Used Car Bargain

The astonishing conditions now prevailing in the used car field assure genuine bargains only when the purchaser makes sure of certain facts.

First—Select a car that is of reputable make—whose name plate has always stood for quality and reputation in its class.

Second—Know what you are buying. Insist on knowing the condition the car is in. The importance of operating and maintenance costs applies as much to used as to new cars.

Third—Buy from a reputable dealer who has a reputation to protect and preserve. Do business with the dealer who is willing to give you all the facts and who can and will guarantee your title.

Our reputation rests as much on the used cars we have sold as on the new ones. Thanks to recent price reductions to pre-war levels we have some of the biggest values in used cars we have ever known. Come in and examine them.

We guarantee our used cars to be exactly as represented or money refunded

WOMEN GIVE OUT

Housework is hard enough when healthy. Every Louisa woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Louisa woman's experience: "Mrs. J. M. Rankin, Water St., says: 'I had a pretty severe attack of kidney and bladder trouble last year and I was up one day and down the next, as my back was so painful. I was dizzy and my head ached fit to split. My feet and ankles swelled, too, and I was in bad shape during the whole year, until for any kind of housework. Everything I undertook to do was a task to me. My kidneys didn't net regularly, either. I heard about Doan's Kidney Pills and sent to the Louisa Drug Store Co. for a box. After using them I got rid of my trouble. I am only too pleased to recommend Doan's Kidney Pills to others.' Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rankin had. Foster-Milburn Co., Mrs. Buffalo, N. Y."

OBITUARY

Elba Goble was born in Floyd county, Kentucky, September 3, 1852, departed this life November 5, 1921, aged 69 years, 2 months and 2 days. He was married to Tabitha Hinkle, daughter of Dr. John Hinkle of Stidham, Ky., in the year 1879, and to them were born six children—four girls and two boys, viz: John W. Goble of Inez, Ky., Lewis J. Goble of Inez, Ky., Mrs. Ella James, Mito, Ky., Mrs. Vicia Bowen, Inez, Ky., and Mrs. Lizzie Mills, Calf creek, Ky. He joined the United Baptist church in 1889, was converted and was baptized by Rev. P. B. McCoy and lived a devoted life. He was a good husband, father, neighbor and citizen, loved and respected by his many friends. He was a merchant at Inez for years, a teacher of vocal music, and a superintendent of the Stafford Fork Sunday school. He forded the rivers and climbed the mountains and bore the disappointments of this life with much patience, but thank God on top the captured battlements of victory he can shout "home at last." He can enjoy the sunshine of God's love forever. No more in this life will his children see his sweet smiling face and hear his gentle voice, but while they mourn his loss he is rejoicing in gain. Weep not that his toils are over, Weep not that his race is run, God grant we may rest as calmly When our work like his is done. MR. AND MRS. A. H.

One of the new laws enacted by the Legislature extends the common school term in Kentucky to seven months, effective next year.

Gov. Morrow vetoed the Thompson tax bill, which would have changed the tax laws of Kentucky very materially. Also, he vetoed the gas bill promoted by the Louisville gas company. The State University appropriations also suffered a veto.

A spider bonus bill estimated to mean an expenditure of four to five billions of dollars was passed by the House of Representatives at Washington a few days ago by a big majority. The few who stood out against it declared the bill to be a measure to buy the soldier vote, and pointed out the enormous burden it will put upon the country, already burdened almost to the limit with debt.

The city government bill vetoed by Governor Morrow was the result of agitation for a simplification of the form of government for Louisville, abolition of useless offices and a shorter ballot, which was fostered by Louisville civic clubs. As a result a committee of citizens was appointed which drew up the plans of the proposed changes and reported on them last April. They received general public approval and were endorsed by both parties.

The position of oil inspector for the city of Louisville (or Jefferson county) is said to pay \$50,000 per year in fees, making it a political office second only to the Presidency of the United States so far as salary goes. It is held by Chesby Searcy, Republican, professional politician. The recent Legislature passed a bill limiting the inspector's total fees to \$3600 per year, the remainder to go into the State treasury. Of course the treasury doesn't need it, therefore Gov. Morrow vetoed the bill after the Legislature adjourned. Also, he vetoed the bill giving to Louisville a change in the form of city government which was called for in the platform of both parties last November. Searcy and Matt Chilton opposed the bill and they again showed themselves to be stronger with the Governor than all the civic organizations and the party platforms.

Osric Picklesimer
Dies in Philippines.

The following interesting account of the death of Osric Picklesimer, formerly a young teacher of this county, who died at Zamboanga, Mindanao, Philippine Islands. The account of his death was taken from the Mindanao Herald:

"The American community of Zamboanga records the death of one of America's young men who came to the Philippine Islands to labor for the uplift and betterment of the Filipino people.

On the night of November 28 Mr. Osric Picklesimer died in the Zamboanga hospital from a complication of pneumonia and pleurisy following a short illness from tracheitis.

"Mr. Osric Picklesimer came to the Islands in 1917 as a teacher in the Bureau of Education. He served as supervising teacher in several provinces, including Bukidnon and Lanao, before coming to Zamboanga. He was highly recommended by all his superiors and was considered an efficient, honest and faithful employee by all who knew him. He bore the highest reputation among all who knew him for honesty, integrity and fair dealing. In other words, he was an exemplary young man, having none of the vices which is too often acquired by young men who come to the Islands severing home ties and living among strangers.

"The funeral services were held in Rev. Land's chapel on St. Maria road, at 4 o'clock in the afternoon, of the 29th of November and the remains were interred in the American cemetery in Tumaga.

"It is known that Mr. Osric Picklesimer has a mother, brother and sister living in Volga, State of Kentucky, U. S. A., who will be advised of his death.

"In order to take charge of his effects left by the deceased, Mr. E. M. Smoyer of the educational department was appointed by the Court of First Instance by special administrator of Estate."

Nitroglycerine Tanks
Explodes at Oil Springs.

The storage tank of the Cumberland Torpedo Company located at Oil Springs exploded last Friday night at about 12 o'clock. About 10 o'clock the house containing a large supply of nitroglycerine was discovered to be on fire but no one dared to attempt to get close enough to put out the fire. People in that section were notified and for two hours waited for the explosion that they knew must follow the fire. Little damage was done to property in that section and only a few windows have been reported broken, but all the residents got a heavy shock.

The explosion was felt in Paintsville and caused considerable excitement among the people.

Complete Assortments of Spring Apparel for the Baby

Spring is a real event for wee folks—a happy one for it means a glad change from confined quarters to a generous share of the great outdoors. Preparing the baby for the sudden change from cold to warmth is of course, largely a matter of proper clothing. Through the varying temperatures of spring, the mother must match the day with the garment, and the tiny wardrobe must be complete enough to furnish just the right amount. A sweater for the early days, a light weight coat for evenings or while sunbathing, and enough dainty dresses to keep him sweet and clean when summer comes to stay. Our showings provide every item of apparel that the most thoughtful mother could wish for—and the assortments have been chosen with a painstaking care that make them as practical as they are beautiful.

Let's begin at the top

—and suggest

--A New Cap or Bonnet

The daintiest of confections are offered in these newer effects. They're made of organdie, French lawn, crepe de chine and pique, and daintily trimmed with hand-smocking in baby pink and blue. —also an unusually beautiful collection of hand-made imported caps and bonnets in the ever popular French and Normandy styles.

Some of the plainer effects are priced as low as 75c, while the elaborate hand-made models range up to.....\$12.50

Dainty New Dresses

—are moderately priced

Machine-made dresses that rival the daintiness of the hand-made styles are made of the best quality organdies, batiste and French lawns. There are long and short models—some with smart little sashes, and trimmed with laces and colored smocking.

Several of these garments are essential to every tiny wardrobe, and their moderate prices will enable you to purchase as many as you need. Priced from \$1.00 to \$5.00.

The famous line of

BERNARD COATS

—in gorgeous spring fabrics

Not only are these coats made with more care than other juvenile apparel, but they are distinctive in styling, and fashioned from such materials as Crepe de chine, crepella, French serge, faille silks and basket weave tweeds. Rich trimmings of hand-made lace daintily enliven and French plaiting add much to their attractiveness.

Priced from.....\$5 to \$25

Colorful New Sweaters and Capes

May be chosen in honeydew, jockey red, china blue, Boston brown, or in the less striking tints of blue, pink and tan. There are tuxedo styles, slip-overs and plain coat models in sizes to fit the infant of one or several summers.

All-wool and priced from.....\$2.25 to \$7.50

Tiny Straw Hats are daintily Beribboned

Roller trim models and jockey effects are fashioned from hemp, leghorn and milan, and show a dash and smartness all their own. Cleverly trimmed with velvet and gross grain ribbons—priced from \$1.25 to \$10 —second floor

WORRIED HUSBANDS—READ THIS

Gude's Pepto-Mangan is the Best Tonic for Nervous, Tired-Out Wives.

Is your wife "all tired out" and cross and irritable much of the time? Do the children "bother her to death" every day, and do the ordinary household tasks that she formerly performed with ease seem now to overtax her? In other words, do you often come home to a house of trouble instead of a house of joy and happiness?

If your answer is "yes" to these pointed questions, don't blame your wife until she has taken Gude's Pepto-Mangan with her meals for a few weeks. She is simply run-down and nervous and needs the kind of iron that she will get in Gude's Pepto-Mangan to give her more vitality and strength. For thirty years doctors have recommended Gude's Pepto-Mangan as a first-class building-up tonic. Sold by your druggist in both liquid and tablet form. Advertisement.

IN MEMORY

In loving remembrance of dear Malissa Tackett, who departed this life March 22, 1922, aged 31 years and 23 days.

Malissa is gone but not forgotten. Never will her memory fade. Sweetest thoughts shall ever linger around the grave where she is laid.

We love her, oh yes we love her. But the angels loved her more.

So the angels sweetly called her. To that bright and happy shore.

The golden gates were opened. A gentle voice said "come".

And with farewells unspoken, She calmly entered home.

It was hard to part with Malissa. Oh so sad to see her die.

But we will try to meet her. Some sweet day by and by.

She is survived by a husband, three children, one sister, Lora Bell Hall of Portsmouth, Ohio, and one brother, George Hall, of Catlettsburg Ky.

by such carelessness or neglect. An examination by our expert oculist, who is also a registered physician, will often reveal such disorders and make possible their correction before too late. Don't wait. See us at once.

SPRING NOTES

As Welcome as a Robin's

RAINBOWS—

That's just what some of the Handkerchiefs remind you of—rainbows. But you must have color in Springtime. There are English tissue Handkerchiefs with colored stripes and borders, dainty Swiss squares with solid centers surrounded by plain white and more colors—25c, 35c and 50c, besides these that are hand-embroidered, \$1.25, \$1.50, \$1.75, \$2.00.

Things that "show up" the Spring costume are these pretty Collars and Vests. And one could not think of a different style. Quaint little Peter Pans are either edged with lace or embroidered in colored silks—cuffs to match. Fluffy, frilly laces are used to make other collars, sets and the new vests just the delectable of Spring neckwear.

SPEAKING OF RAINBOWS, the Sport Satins have colors to spare. And one's Spring attire is just sure to include garments of these soft, lustrous, drapy materials. Petticoats, sport skirts, teddies, sport suits and nightgowns show the versatility of Sport Satins, 36 in. wide, \$1.75 yard.

GINGHAM TIME—

About this time every year don't you just long to put on crisp gingham frocks? You may soon, but you must get busy at once and choose the gingham you will need. Huge stocks of fresh, new patterns are awaiting your selections at 25c yard end up. Along side the gingham are all the new tussies, gaze marvel and imported wash fabrics for frocks of the superior sort.

GLASS BEADS—

So pretty that you can hardly take your eyes off them to see that they are only 75c. The colors are so plentiful and the price so small one could have a strand to match each costume.

GRAND OPENING SALE

THIS BIG STORE'S
BIGGEST EVENT

Ashland's Greater, Bigger, Better, UNDERSELLING STORE

DAWN OF A NEW ERA!

The present era in merchandising in Ashland dates back from the opening of the Underselling store. There has been no important change in the methods of doing business since that time. Shortly after the opening of the store the following was printed:

The opening of the Underselling store means the birth of a new business era—the ushering in of new ways, new ideas, new prices and new methods.

The public of Ashland and vicinity is hungry for just such a store and they will take the store by storm.

And they did—and they stormed in to the store every day ever since and they saved money. Satisfied patrons told others and these spread the news and this store grew and grew until now our greater quarters allow us more square feet of store space than any of this nature in Ashland.

The dawn of a great success for you and for us is swiftly, gloriously breaking. For you it is a happy dawn of new prices and new ways. For us the dawn of ever increasing business always growing popularity.

Offering Greater, Bigger, Better Bargains Than Ever Before
Sale Starts SATURDAY, APRIL 1st
LASTING 15 DAYS

A Sale in which Value Giving Records Are Being Broken—and through Lowered Prices Thousands of Dollars are being Saved to the Thrifty People of Ashland.

For in this Grand Opening Sale of the Greater Underselling Store folks recognize the real thing. It is a Bargain Feast—not words but deeds—not visions but values—not bluster but bargains. We planned this sale to be big in benefits to everyone within reach of it who is tired of paying high prices and hearing excuses for them who want less talk why prices don't come down but more action getting them down. That has been the business of this big Bargain Store—getting prices down on good dependable goods—always selling merchandise under the current prices—this store has for three years waged a relentless price campaign and through lower prices our business so grew with leaps and bounds that within three years we are obliged to twice seek additional space. With the addition of the building formerly occupied by the Field Furniture Company, this store is double its former size, which will better enable us to carry more extensive varieties and larger assortments in every department. We will now offer Ashland greater, bigger, better bargains than ever before. All the power of this great store's policies of cash buying—cash selling—quick sales at small profits—are put into this extra effort. A momentous comparison of qualities and prices will show where in Ashland, you'll save money on your Easter purchase for home and wear.

We Have Never Before Offered Ashland Such a Collection of Staple Cotton Bargains As We Have Ready for the Crowds Friday Morning

"And we are going to sell women enough of this wonderful yards goods to make their whole spring wardrobe. Best of all we are going to save them money galore. They have been waiting and putting off buying until our sale—now watch them buy!"
